NEW YORK

## Fifty-first Annual Report

From January 1, 1922 to December 31, 1922

Exclusive of Medical and Surgical Statistics

NEW YORK

## THE ROOSEVELT HOSPITAL

Founded under will of James H. Roosevelt was incorporated by an act of the Legislature passed February 2nd, 1864. It occupies the block of ground between 58th and 59th streets and 9th and 10th avenues, and has erected thereon suitable buildings, which furnish accommodations for about two hundred and eighty-five patients. It was opened for the treatment of medical and surgical patients November 2nd, 1871. The Ambulance Service was established in 1877 and discontinued in 1909. The Out-Patient (Dispensary) Department was added in 1881. The Gynaecological Division was separated from the Medical in 1888. The McLane Operating Room, the gift of Dr. James W. McLane, in memory of James W. McLane, Jr., for the use of the Gynaecological service was opened in 1890. The Wm. J. Syms Memorial Operating Theatre, the bequest for which was obtained through the efforts of Dr. Charles McBurney, was erected in 1892. The Private Patients' Pavilion was erected in 1896, and the Train-

ing School for Nurses was organized the same year. The Accident Building was erected in 1898, providing in the first story for treatment of emergency and accident cases, and in the second story a Medical Ward (opened in February, 1899, known as The Catherine A. Bliss Ward for Sick Children—the beds in which (14) have been endowed by Miss Bliss in perpetuity. A new Administration Office for the Superintendent was constructed and occupied in 1901.

In 1903 a Recreation Room for the use of the House Staff was constructed at the expense of Drs. Seth M. Milliken, Jr., and Fred'k T. Van Beuren, Jr., members of the House Staff.

1906—A new kitchen, including a scullery, storage refrigerator, freight elevator, vegetable closets, coal bin, a dining room for employees and a disinfecting room. Alteration of the old amphitheatre, providing a lecture room for the Training School for Nurses, and furniture therefor, as well as bedrooms for employees.

1907—A tier of balconies, 13 feet wide by 107 feet long, was constructed on the east side of the Medical Pavilion, connecting with Wards 2, 3 and 4, on which patients from those wards are taken (in their beds) for fresh air treatment. The traffic yard was excavated and paved. An extension constructed on the west side of Ward 5 to accommodate up-to-date toilet facilities, and the interior of the lavatories, bath and linen room entirely reconstructed, tiled and equipped with modern plumbing and conveniences.

1908—A new laboratory building was constructed providing accommodation for pathological and bacteriological lab-

oratories, also rooms for clinical records, a new roof garden adjoining the children's medical ward and one adjoining the children's surgical ward.

1911—A Nurses' Home containing 108 individual bedrooms, large assembly, reading and reception rooms with up-to-date appointments, was erected and equipped through the efforts of Dr. McLane, who collected from friends of the Hospital funds for that purpose. Through the generosity of Mr. Walter Scott, a large sun parlor was added to this building in 1916.

1912—A fireproof building was erected by Dr. Lewis Rutherford Morris for the use of the Harriman Research Laboratory, where special studies in metabolism and digestive ferments are being conducted by the chemists of that staff under the direction of Dr. Wm. Gordon Lyle.

1919—A new, commodious laundry.

1920—Nurses' Dining Room enlarged to nearly twice its size.

1921—New Private Patients' Admission Office.

1922—Marked the epoch of a new era in the realization of a new Ward Patients' Pavilion.

The decision of the Trustees to erect and maintain a new pavilion calls for additional funds beyond those at present available and the Trustees solicit contributions for that purpose, and for the endowment of beds and wards.

Some of the hospital's close friends, or some beneficent persons, now have an opportunity to make monied donations

which will enable the Hospital to perform its full service to the community in the future, as it has endeavored in the past.

A donation of five thousand dollars entitles the donor to nominate patients to a bed in perpetuity; and a donation of three thousand dollars entitles the donor to nominate patients to a bed for the life of the donor. (Form of devise on back of cover.)

The present capacity of the Hospital is 285 beds, assigned as follows:

|                                   |                         |      |       |
|-----------------------------------|-------------------------|------|-------|
| Ward 1,                           | Gynaecological Service, | beds | 28    |
| " 2,                              | Male Medical            | " "  | 29    |

GEORGE E. ROOSEVELT,  
Secretary.

# REPORT OF THE SUPERINTENDENT

---

January 1st, 1923.

To the BOARD OF TRUSTEES:

Gentlemen:—I have the honor to present herewith the fifty-first annual report of the Hospital for the year ending December 31st, 1922.

**PATIENTS TREATED** There have been treated in all departments of the Hospital 37,038 persons—16,588 in the Out-Patient Department, 15,425 in the Emergency Department and 5,065 in the Wards. The average number treated daily in all Departments was 415—44½ in the Emergency Department, 158½ in the Out-Patient Department and 212 in the Wards.

**FREE DAYS** Of the 5,065 patients treated in the Wards during the year 3,242 did not pay the average cost of maintenance and were treated free. In 64% of all the patients treated the expense was borne wholly by the Hospital. This is an increase of 11% free Ward patients over the previous year.

The total days care of bed patients was 77,342 which was 5,673 less than last year. This decrease is due in part to the fact that 9,310 days accommodations were unavailable on account of the demolition of the old Surgical Ward May 1st, last, which accommodated 38 patients, and is being replaced by the new eight story building for Ward Patients, now in course of construction.

**NEW IMPROVEMENTS** Among the improvements incident to our Building construction work during the year was the building of a Sterilizing and Anaesthetizing Room as an addition to the small Operating Room. This provides a thoroughly modern equipped Operating unit adjacent to the Syms Operating Theatre.

This year brought into view new demands for the renewal of many of the old steam, hot and cold water pipes, and other new equipment occasioned by deterioration in the Hospital group of buildings, before they could be linked up with the new building. This presented a fairly extensive development programme which occasioned an unexpected expenditure of a rather large sum, but which was necessary in order to improve the physical condition of the Hospital.

**NEW BUILDING** A very important step of your Board was in the decision to replace the old Surgical Pavilion with a modern fire-proof building, in which to house all Ward patients, that not only guarantees the safety of the Ward patients occupying it, but will also enable the Attending Physicians and Surgeons to use for diagnostic and other purposes all the modern instruments of precision with the least discomfort to the patients and inconvenience to themselves. The new pavilion which was begun and is now under cover will contain 286 beds for Ward Patients and increased facilities for diagnostic work.

**FIRST FLOOR PLAN** The following appointments as shown on the first floor plan will consist of a RECEPTION WARD of 14 beds, a PHYSIO-THERAPY, X-RAY and DIAGNOSTIC department, and two PRIVATE OFFICES for the Attending Surgeons (one for each Surgical Division), with a private secretary's office adjoining.

The Reception Ward consists of the following appointments:

One Unit accommodating 12 Patients, 4 beds each for men, women and children.

Utility and Pantry Service Rooms.

Two Isolation Rooms.

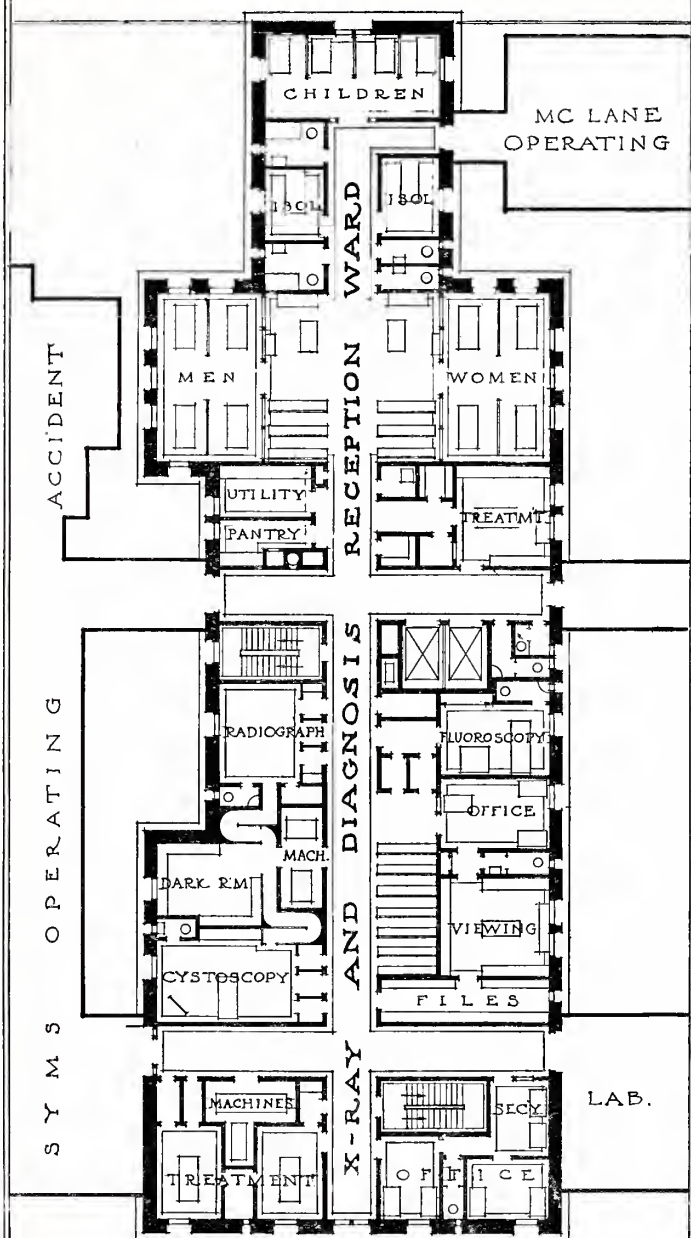

One large Examining and Treatment Room, also a dark room for the examination of the eye, ear, nose and throat.

The X-Ray Department on this same floor will be divided into a Radiographic and Dark Room, Roentgenologist's Office, X-Ray plate viewing room and plate filing room.

One Fluoroscopic and Fracture Room connecting, one Cystoscopic Room. These rooms will have new machines and the equipment will be complete and modern in every detail.

WEST 58TH STREET

WEST 59TH STREET

PLAN OF FIRST FLOOR  
PAVILION FOR ROOSEVELT HOSPITAL

One Treatment Room with one low (200,000 volts) and one high power machine (280,000-300,000 volts), where X-Ray Therapy work will be done, such as Glandular and Tumor treatments, etc.

**TYPICAL FLOOR PLAN** The Typical floor plan as shown on the preceding page will be carried out in the following wards, (except the Children's Ward on the Eighth Floor):

2nd and 3rd Floors—Male Surgical Wards

4th Floor—Female Surgical Ward

5th Floor—Gynaecological Ward

6th Floor—Female Medical Ward

7th Floor—Male Medical Ward

This Floor Plan from the 2nd to the 7th Floors, inclusive, will on each floor be divided into—

One Separation and 2 Quiet Rooms with 1 bed each, for very ill patients, where relatives or friends can remain with the patient.

One large Rest Room for Convalescent Patients and 2 large Loggia.

One Open Ward, for incoming sick patients, consisting of 12 beds, with 2 adjoining rooms of 4 beds each. These can be subdivided into Units of 1, 2, 3 and 4 beds.

Two Open Wards for Convalescent Patients, accommodating 8 patients each. These also can be subdivided into Units of 1, 2, 3, 4 and 8 beds each.

Each of these Wards also has a separate Laboratory in which to enable the House Staff to do routine or special microscopical work at the bed-side, without going to our central Laboratory.

**EIGHTH FLOOR** Children's Wards.

This floor is divided into 2 Wards—the Children's Surgical and the Children's Medical Ward, each separately appointed with Utility and Pantry Service, etc.

The Children's Surgical Ward consists of 2 rooms of 8 beds each, which can be separated into Units of 1, 2, 3, 4, 6, or 8 beds; 2 Separation Rooms of 1 bed each; a Day and Play Room, Loggia and Laboratory.

The Children's Medical Ward consists of a Ward of 16 beds, to be known as "The Catherine A. Bliss Ward for Sick Children";

2 Separation Rooms of 1 bed each; a large Play Room and a Loggia.

#### **NINTH FLOOR**

This floor will have a small Unit and Roof Garden that may be used as either a Sun Parlor or, in Emergency, a Separation Ward.

#### **AN ENDURING MONUMENT**

The Rev. Dr. Vermilye said of the Founder in his opening address at the dedication of the Hospital: "He felt the responsibility which wealth imposed and meant to make it in some way a source of lasting good and of untold blessing to his suffering fellow creatures for generations after he should have been laid away in his grave."

It has been the policy of your Board to carry to a successful accomplishment the plans cherished by the Founder during his life and how well his expectations have been realized may now be shown at the "50th Mile Stone". The policy of your Board to always do well the work that has come within its scope has established the reputation of the Hospital in its community for quality rather than quantity of work done, but the demand for expansion has been one of its pressing needs and to always adhere to the aim of its founder to maintain in the highest state of usefulness and efficiency the free ward service and for which the Hospital was originally established, will, however, call for additional funds.

#### **COST**

The estimated cost of the new Building with necessary changes of the older group is approximately \$1,250,000.

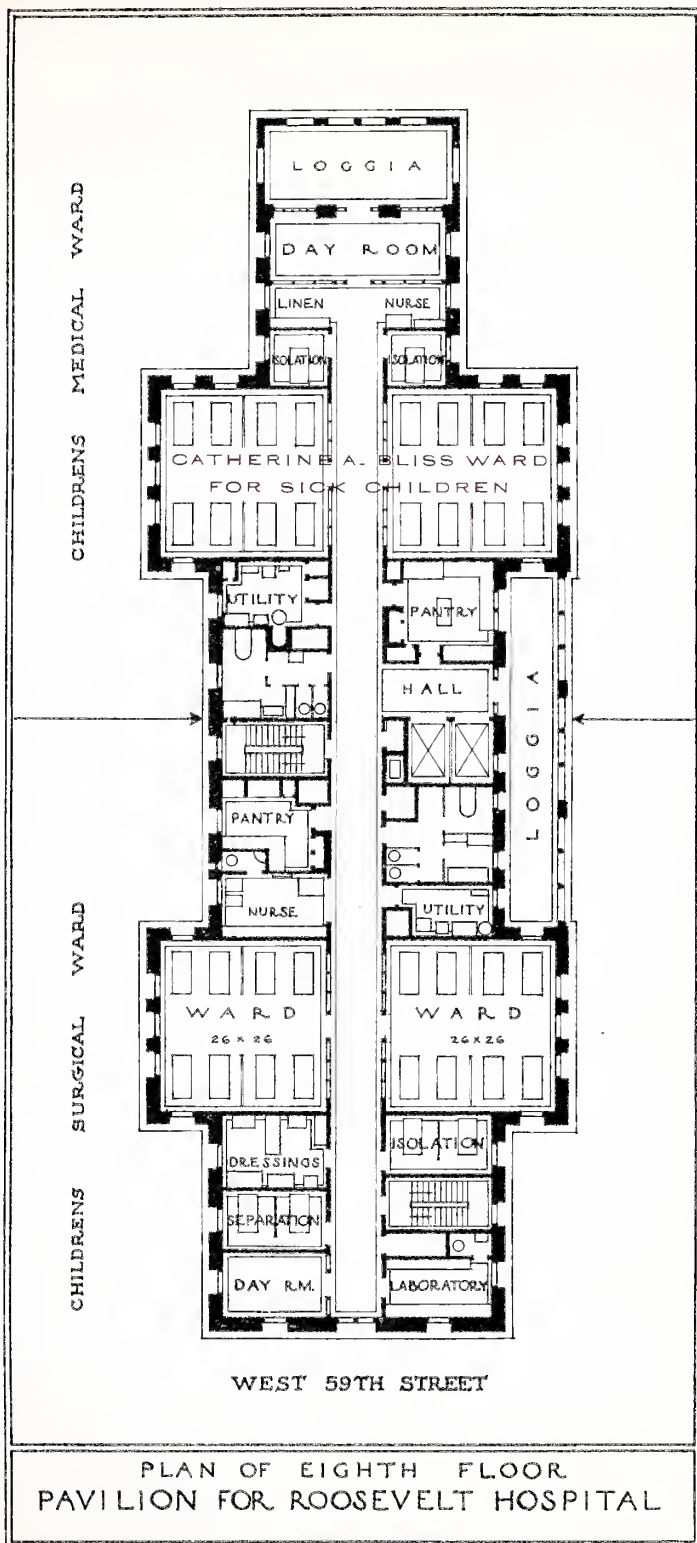

#### **DONATIONS**

Donations received for Construction amounting to \$83,295 have been received during the past year, also a legacy applicable to this purpose of \$28,125. But the withdrawal of the large sum from our income-producing investment and put into hospital construction will seriously deplete the invested funds of the Hospital, and therefore it is earnestly hoped that generous friends may desire to make gifts, contributions or endowments towards this construction.

#### **MEMORIALS**

Our appeal for funds would probably meet with a more liberal response if it were understood by the public in general how important a part the Hospital performs in Medical and Surgical education in addition to the large amount of charitable work done by it.

If donors desire to establish permanent memorials, either

through endowed beds or wards, or by gifts for new equipment, this would be an opportune time to do so.

Appropriate memorials will be placed at the entrances of Wards or on the walls of the Hospital to note the gifts for the construction of the new pavilion. \$5,000 will entitle the donor to an Endowed Bed in a Ward; \$10,000 to an Endowed Room containing one bed, and larger gifts to similar memorials in Endowed Wards.

W. Emlen Roosevelt, Esq., President, 30 Pine Street, City, or George W. M. Stock, Superintendent, will be glad to confer with friends who may desire further information or who may be interested in such memorials.

**PATHOLOGICAL and HARRIMAN LABORATORIES** The Pathological Laboratory in conjunction with the Harriman Laboratory is continuing its study of blood chemistry. It has in addition undertaken investigations of sugar metabolism from the point of view of potential diabetes, and also the study of the chemical nature of normal urinary sugar.

The Metabolimeter for the determination of Basal Metabolism that was added to the Laboratory equipment about one year ago has proved of great value, and is used in a large percentage of cases.

The special work engaged in during the past year in these laboratories have been investigations along the line of study of the possible differences in the ferments which are present in normal and in cancer tissues; the effects of different controlled diets on the growth of cancer; the effects of radium on cancer; the development of new methods for determining the inorganic salts in the blood; studies of invertase, etc.

**X-RAY** The volume of work in this Department for the past few years has so broadened that it has greatly outgrown its present quarters. It has increased appreciably as well as changing in character. The work in this Department would possibly have been doubled during the year save for its limited space and apparatus. The fact remains that the demand for a deep therapy machine and other apparatus with which to do more intensive treatments is a constant need.

The resignation from your Board of Mr. W. Irving Clark on January 17th, 1922, was very much regretted, as Mr. Clark had served the Hospital faithfully for thirty-six years and was endeared to all at Roosevelt. During this period he held the office

of Secretary for twelve years, and was Vice-President for twenty-four years.

**FRIENDS** Many useful contributions of fruit, jams, jellies, books, etc., have been received from the friends who always remember us. Mrs. Harry Harkness Flagler, Miss Susan Dwight Bliss, Mrs. Edwin A. Schroeder, Col. Walter Scott, Mrs. James R. Jesup, Mrs. H. D. Best, Geo. Borgfeldt and Company, and many others mentioned on pages 45 to 49 have brought enjoyment to the patients throughout the year. The Haven Relief Fund Society has continued its appropriation of five hundred dollars for Welfare Work.

Miss Bliss furnished ice cream for all the Ward patients and ice cream cones for the children twice a week during the hot summer months. This was a most appreciative treat.

Mrs. I. N. Landauer again renewed her gift of \$300, which was expended in printing books on Standard Procedure; procuring donors for patients who required blood transfusions; and to maintain in part our Library Fund.

The benefactions of Mrs. Vincent Astor, and a "friend" through Dr. Alexander T. Martin, have again made possible convalescent care for many of our poor, and furnished 65 Christmas dinners for destitute families which were distributed under the direction of the Home Welfare Bureau. Fifty children were conveyed to Madison Square Garden in buses to attend the Circus, which was a delightful treat, through this same "friend"; and by her also coal was furnished during the winter for five families.

For all this help grateful acknowledgment is hereby made.

**EXPENSES** Appended will be found a statement of the receipts (page 36) and expenses of the Hospital for the fiscal year; also a list of contributions provided by friends of the Hospital which have added greatly to the comfort and enjoyment of the patients.

|   |              |
|---|--------------|
| The gross expenses at the Hospital for the year were .....                | \$549,520.45 |
| From this amount should be deducted the sum paid the special nurses ..... | \$177,324.50 |
| (which has been refunded by patients)                                     |              |
| and amount received from sale of supplies.....                            | 6,393.87     |

|   |           |            |
|---|-----------|------------|
| Also the estimated cost of operating the Out-Patient Department .....         | 12,000.00 |            |
| The Emergency Department .....  | 6,000.00  | 201,718.37 |
| Making the actual expense of maintaining the indoor patients and guests ..... |           | 347,802.08 |
| or \$4.50 per day each.   |           |            |

### CASH GIFTS AND LEGACIES FOR GENERAL PURPOSES:

Respectfully submitted,

GEO. W. M. STOCK,  
Superintendent.

## THE TRAINING SCHOOL.

January 1st, 1923.

To the Board of Trustees :

Gentlemen :—I herewith beg to submit the annual report of the Training School for Nurses.

Training School Staff, January 1, 1923 :

|  |       |
|--|-------|
| Directress of Nurses .....                     | 1     |
| Assistant Directress .....                     | 1     |
| Instructor .....                               | 1     |
| Office Assistant .....                         | 1     |
| Registrar .....                                | 1     |
| Night Supervisor .....                         | 1     |
| Supervisor of Private Patients' Pavilion ..... | 1     |
| Graduate Head Nurses .....                     | 12    |
| Dietitian .....                                | 1     |
| Class 1922 .....                               | 8     |
| Class 1923 .....                               | 42    |
| Class 1924 .....                               | 61    |
|  | <hr/> |
|  | 131   |

Class 1922—Graduated 44.

Class 1923—Numbered 52, resigned 3, disqualified 3, transferred to Class 1924, 4, remaining 42.

Class 1924—Entered on probation 65, accepted 57, transferred from Class 1923, 4, remaining 61.

The number of applications for information concerning the School was nine hundred and five (905).

The number of calls on the Registry for Special Nurses was :

|   |       |
|---|-------|
| In the Private Patients' Pavilion, filled .....   | 3,926 |
| In the Private Patients' Pavilion, unfilled ..... | 7     |
| For outside duty, filled .....                    | 65    |
| For outside duty, unfilled .....                  | 156   |
|   | <hr/> |
|   | 4,154 |

Owing to the large number of special nurses required for duty in our Private Patients' Pavilion we regret that it has been impossible for us to fill the calls for outside duty.

The following appointments have been made on the Training School Office Staff during the year :

Miss Anna A. Ferris, Instructor  
Miss Sarah A. Oldham, Assistant Directress  
Miss Jean L. Hastings, Office Assistant  
Miss Ruth A. Lees, Registrar

On April 19th the members of the Alumnae Association gave a most enjoyable reception to the Graduating Class. On Sunday, April 23rd, the Class attended divine service in the Central Presbyterian Church where the Reverend Dr. D. W. Wylie delivered the Baccalaureate sermon, an inspiring address which will linger long in the memory of those who were present. The Graduation Exercises were held on April 26th in the Syms Building, the Reverend Dr. Cornell presiding. The address to the Graduating Class was delivered by Dr. R. Floyd and the diplomas and School pins were presented by Mr. W. Emlen Roosevelt. Following the formal exercises the Class entertained their friends in the Nurses' Home.

On November 22nd and 23rd the Head Nurses and Students in the School conducted a Fair for the purpose of establishing a "Nurses' Home Fund". Our first expenditure from this fund will be used in making much needed improvements in the Nurses' Dining Room, such as a new and complete cafeteria service to replace the temporary arrangement installed four years ago; coffee and tea urns; new china and small tables instead of the long, cumbersome tables now in use, all of which we feel sure will add much

to the comfort of the nurses. We wish to call to your attention the need for increased space for teaching purposes and for an Infirmary for sick nurses. Our present class-room (which serves as Class and Demonstration room) was originally equipped to accommodate classes numbering from fifteen to twenty-five, and as our classes to-day number forty, fifty and sixty it is easily seen that we have outgrown our teaching quarters. Owing to the great demand for rooms in our Private Patients' Pavilion it is almost impossible to secure accommodation for sick nurses and it would be a great relief to us if space could be found in which to establish a small Infirmary. We earnestly hope that with the opening of the new building these two important needs for the benefit of our School may be met.

It is with regret that we record the death of one of our graduates, Dorothy M. Park, Class 1920. Miss Park was an exceptionally fine young woman, quiet, dignified and loyal. She will be greatly missed by a large circle of devoted friends.

We wish to extend our thanks to the friends of the Training School who have remembered the nurses in many kindly ways throughout the year, especially those who so generously assisted us in making the Fair a success.

We also wish to record our appreciation to the members of the Attending Staff and the House Staff for their professional services to the graduates and pupils of the Training School and for their assistance in the Class Room.

Respectfully submitted,

ISABEL DOUGLAS RICHMOND,

Directress of Nurses.

January 1st, 1923.

To the Board of Trustees:

Gentlemen:—I have the honor to transmit the following reports containing the statistics of the work done on the several divisions of the Hospital during the year 1922.

## The number of patients

|  |       |       |
|--|-------|-------|
| Remaining in the Hospital December 31st. 1921_____ | 181   |       |
| Admitted during 1922 _____                         | 4,884 | 5,065 |

## Discharged from the

|   |             |       |
|---|-------------|-------|
| Medical Division _____                          | 1,160       |       |
| Surgical Division _____                         | 2,921       |       |
| Gynaecological Division _____                   | 815         |       |
|   | <hr/> 4,896 |       |
| Remaining in Hospital December 31st, 1922 _____ | 169         | 5,065 |

## Operations performed during the year:

|                               |             |
|-------------------------------|-------------|
| First Surgical Division _____ | 1,031       |
| Second " " _____              | 1,298       |
| Gynaecological " _____        | 731         |
|                               | <hr/> 3,060 |

Respectfully,

ALBERT E. SUMNER, M. D.,  
Secretary Medical Board.

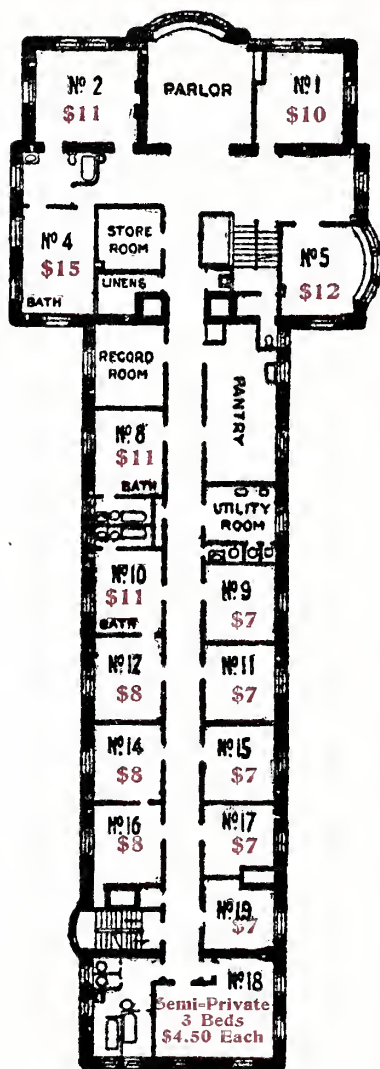

The detailed tabulated statistics are on file in the Record Room of the Hospital, and may be consulted by physicians interested in medical and surgical cases.

**JOHN SEYMOUR THACHER, M. D.**

The President reported with deep sorrow the death of Dr. John Seymour Thacher on October 28th, 1922, and on motion duly seconded it was

“Resolved that the Board of Trustees of The Roosevelt Hospital have learned with deep regret of the death of Dr. John Seymour Thacher and they desire to place on record their sense of loss in his death.

“Dr. Thacher has continually served The Roosevelt Hospital since 1907, first as Junior Attending Physician, Attending Physician and then as Consulting Physician of The Roosevelt Hospital. During his period of service he endeared himself to all the personnel and patients of the Hospital by his courtesy and close attention to his duties, and has added to the reputation of the Hospital by his professional attainments.”

TYPICAL FLOOR PLAN OF PRIVATE ROOMS  
WITH DAILY RATES.

## PRIVATE ROOM SERVICE.

## TERMS.

Payment for account of private patients required for two weeks in advance.

If a patient leave before the expiration of the period paid for, a pro rata charge will be made for the time of stay; the day of admission and day of departure will each be charged as a full day, and the balance will be refunded. The charge for the room includes board, divided attention of nurse and ordinary medicines and dressings. A charge of \$20.00 will be made for use of the operating room and \$5.00 for routine laboratory work for all patients. Charges will also be made for X-Ray Exposures, Pathological Examinations, Druggist's Sundries, Serums, Proprietary Preparations, Toilet Articles, Bottled and Fruit Beverages, Bottled Waters, Water Bottles and Special Appliances.

Patients making direct application to the Hospital for rooms are received only as the patients of one of the Physicians or Surgeons privileged to use the private rooms; it is expected that they will pay to the member of the Visiting Staff, to whom they are assigned, a fee to be agreed upon with the Superintendent or with the Physician upon the occasion of his first visit.

Relatives or friends are not permitted to occupy the room with a patient, except in the case of parent and child, when \$5.00 daily will be added to the price of the room, which charge will include meals for the parent. If requested, the Hospital will engage for patients, for their exclusive use, a special (graduate) nurse, the rate for which will be \$7.50 for each twelve hours and her services will be continued until the Superintendent is notified that they are no longer required.

Valuables should be left with the Superintendent. Receipt will be given for them. The Hospital disclaims responsibility for valuables retained by patients.

Under a rule of the Trustees, "No member of the House Staff, nurse or other employee shall receive any compensation, gift or bequest from any patient, unless authorized to do so by the Visiting Committee." Any infraction of this rule makes the employee liable to immediate dismissal.

All business details should be arranged with and checks should be drawn payable to the order of

GEO. W. M. STOCK,  
Superintendent.

## SUMMARY:

|  |           |
|--|-----------|
| Total patients treated during the year in all departments                    | 37,078    |
| Average patients per day in all departments.....                             | 415.      |
| Patients admitted to Hospital during year.....                               | 5,065     |
| Total days care of bed patients.....   | 77,342    |
| Average bed patients treated per day.....                                    | 212       |
| Percentage of free days care in the Wards.....                               | 64%       |
| Average length of stay (days).....   | 16        |
| Average force for professional care (staff, nurses, orderlies) .....         | 209       |
| Average force for non-professional care (Executives, general employees)..... | 135       |
| Total average boarded in Hospital, including guests.....                     | 557       |
| Daily cost per capita for provisions for all persons supported .....         | 47.8 cts. |
| Total daily cost per capita per patient.....                                 | \$4.50    |

## PATIENTS TREATED DURING YEAR.

## Total Days' Care:

|                            |        |        |
|----------------------------|--------|--------|
| Free Ward Days .....       | 32,463 |        |

## BUREAU OF HOME WELFARE.

There have been interviewed in this Department 39,846 patients of which 1,907 were cases for home care. 2,030 visits have been made to the homes of patients and 508 visits to institutions. 420 patients were referred to other agencies. 1,500 visits were made for advice and instruction in home hygiene and 530 Ward cases were followed up to report end results.

The Bureau has again been carried on by three efficient workers, and the value of this service to the poor of our neighborhood and in their homes, should not be underestimated.

The Haven Relief Fund Society made its annual Contribution of \$500 which was distributed by our Bureau in conformity with the aim and object of the Society by affording relief to 36 worthy families. A detailed report of the money disbursed was rendered to Mr. W. C. Moore, Sec'y of the Society.

By a "Friend" \$150 was distributed to some of our poor families at their homes, former Hospital patients whose names were furnished through the Bureau.

We gratefully acknowledge the co-operation and splendid service rendered our convalescent patients for after care and rest which they received at the various homes and Social Agencies during the year.

## SUMMARY OF HOSPITAL EXPENSES.

1922.

|   |             |              |
|---|-------------|--------------|
| Meat .....  | \$26,059.56 |              |
| Poultry .....                                       | 9,159.30    |              |
| Fish and Shellfish.....                             | 1,778.46    |              |

## EXTRACTS FROM THE BY-LAWS.

## I. The Admission of Patients.

1. Patients suffering from severe accidents or serious illness shall be admitted to the Hospital at any hour of the day or night.

2. Other patients shall be admitted between 9 o'clock a. m. and 5 o'clock p. m. They must apply in person at the office of the Hospital, when they will be examined and recommended for admission or rejection by the House Physician, Surgeon or Gynaecologist, or their Senior Assistants on duty; or, if unable to apply in person, they shall be visited at their homes by the House Physician, Surgeon or Gynaecologist on duty, or one of their assistants.

3. Any member of the Medical Board may send to the wards of the Hospital such patients as he sees fit, giving them a special order for admission, subject to the regulations of the Hospital.

4. No patient suffering from any contagious disease shall be admitted, except such cases of emergency as require immediate attention; and cases so admitted shall be placed in the isolating room only.

5. There shall be posted in the office daily the number of occupied beds in each ward.

6. Application for the admission of patients living out of the city must be addressed to the Superintendent of the Hospital and accompanied by a certificate of some respectable physician, stating the nature and probable duration of the disease.

7. If, in the opinion of the Superintendent, ability to pay exists, such charge as he deems advisable up to \$3 per day may be made for the ward patients' board.

## II. Rules for Patients.

1. Patients admitted to the Hospital are forbidden to use profane or indecent language; to express immoral or infidel sentiments; to play at any game for money; to smoke tobacco in the house, or to procure for themselves or others any intoxicating liquors.

2. No patient shall be allowed to have any book, pamphlet or newspaper of an immoral or indecent nature.

3. No male patient shall go into any of the women's wards nor any female patient into any of the men's wards.

4. No patients shall enter the dead-house, engine-rooms, kitchen, theatre, or any of the attendants' rooms, except by order of the Superintendent or other officer of the house.

5. No patient shall leave the house without permission of the Superintendent. When desiring to go beyond the Hospital bounds, patients must obtain a card from the House Physician, Surgeon or Gynaecologist, at his morning round, stating that he has no objections, which card, when countersigned by the Superintendent, will serve them as a pass, and will be good for the day upon which it is given, but must be surrendered to the doorkeeper when the patient goes out.

6. Patients admitted to the Hospital must leave with the Superintendent for safekeeping, for which a receipt will be given, any money or other valuables they may have; and in case of their failure to do so, the Hospital will not be responsible for any loss which may occur. The clothing of patients will, if desired, be cared for, but no responsibility assumed for loss or damage. All clothing infested with vermin, or for any other reason deemed unfit to be kept here, will be destroyed on the admission of the wearer unless removed immediately by his or her relatives.

7. No patient may purchase, or solicit any attendant to purchase for him, any articles whatever without permission of the Superintendent.

No member of the House Staff, Nurse or other employee shall receive any compensation, gift or bequest from any patient, unless authorized to do so by the Visiting Committee. Any infraction of this rule makes the employee liable to immediate dismissal.

All complaints should be made to the Superintendent.

8. Patients are admitted only upon condition that they and their visitors comply with the rules, and failure to do so may necessitate their removal.

## CHANGES.

To date (1923) in the members of the Board of Trustees and in the Officers of the Hospital since its organization; also in the Medical Staff.
